Pastilhas Cerâmicas

Cobreq Racing Extreme

As pastilhas de freio da linha Cobreq Racing Extreme foram desenvolvidas em pesquisas e avaliações durante um período superior a 2 anos, contando com a atuação, tanto no Brasil quanto na Europa, de profissionais especializados em novas tecnologias de materiais, além de laboratórios de testes e aplicação.

O material de atrito cerâmico Cobreq Racing Extreme tem como características especiais, componentes inovadores, além de exigentes processos de fabricação, resultando em um material de atrito diferenciado mais resistente e com nível de atrito mais estável em diferentes faixas de temperatura.

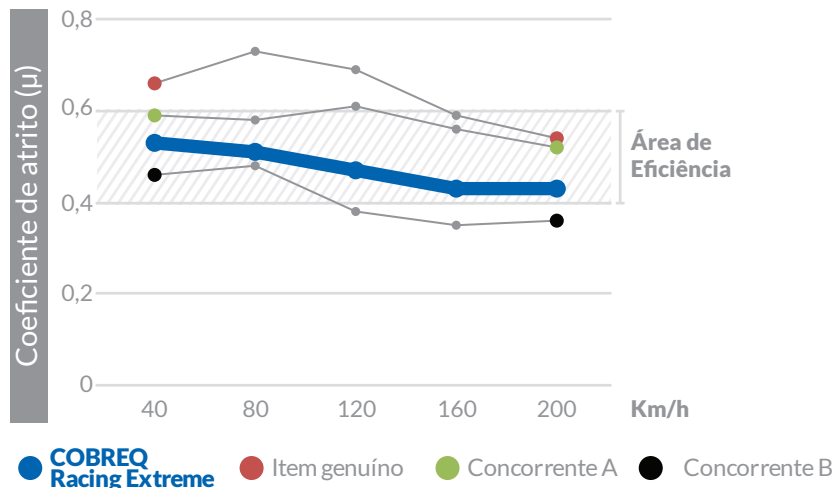

NOVA
FORMULAÇÃO

“MATÉRIAS-PRIMAS
E FÓRMULAS
INOVADORAS,
ALÉM DE
EXIGENTES
PROCESSOS DE
FABRICAÇÃO”

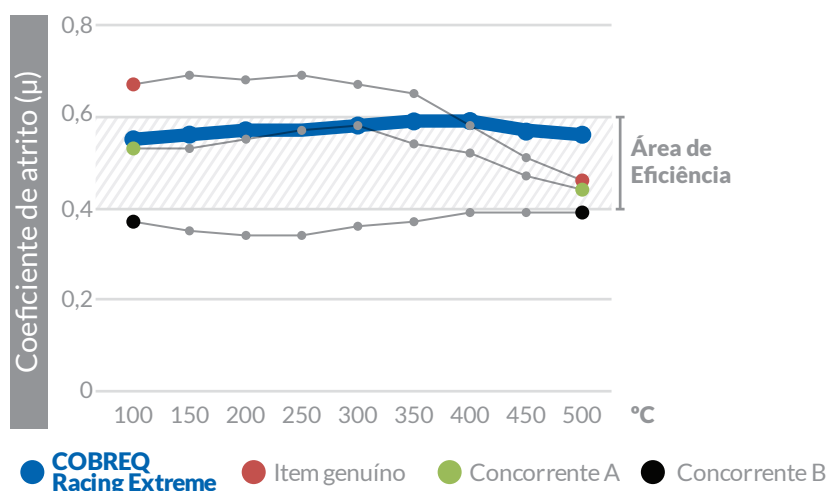

Sensibilidade à velocidade

O material de atrito Cobreq Racing Extreme possui excelente estabilidade a diferentes velocidades de frenagem, tanto em uso diário em ambientes urbanos relacionados a baixas velocidades (40 km/h, por exemplo), quanto em condições severas de performance que exigem do sistema de freio uma maior estabilidade e resposta, como a 200 km/h, por exemplo.

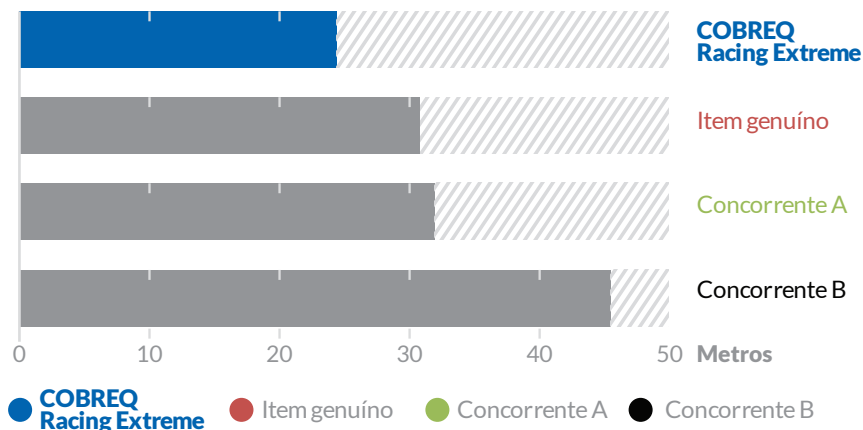

Sensibilidade à temperatura

No comparativo de exposição às variações de temperatura, o material de atrito Cobreq Racing Extreme demonstra clara superioridade em comparação aos demais materiais concorrentes do mercado e até quando comparado ao item genuíno. A sua variação de coeficiente de atrito se mantém constante, desde temperaturas normais de uso como 100°C até condições severas de 500°C.

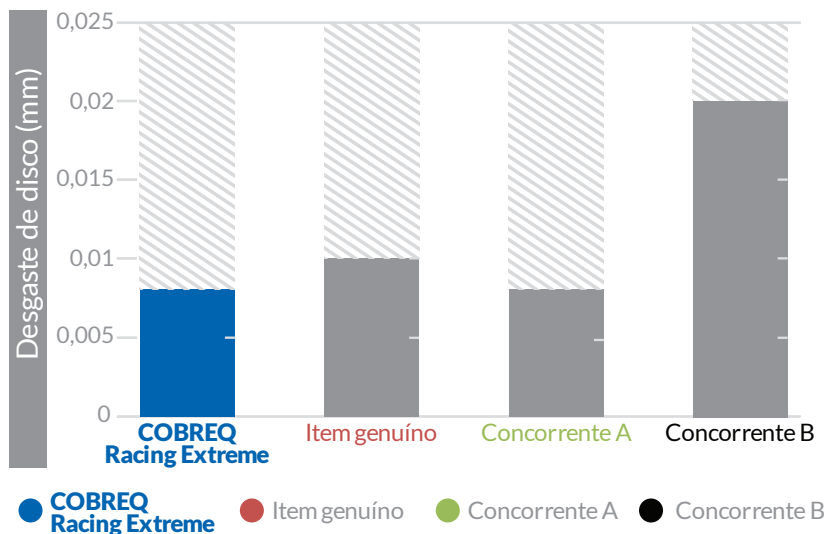

Distância de Parada 80 a 30 km/h

Além do conceito de alta performance, o material de atrito Cobreq Racing Extreme foi desenvolvido seguindo rigorosos critérios relacionados à segurança para o condutor ou piloto, no qual possui uma resposta muito superior aos demais quando comparado ao resultado da distância de parada.

Desgaste de Disco

O material Cobreq Racing Extreme apresenta ótimo compromisso em relação a desgaste de disco em comparação com demais qualidades de materiais de atrito existentes no mercado.

Vantagens

Algumas vantagens em utilizar material de atrito cerâmico:

- ▶ **Resiste às altas temperaturas sem deterioração.** O efeito que chamamos de fading, a redução do nível do coeficiente de atrito em altas temperaturas, devido ao uso prolongado do freio, é minimizado devido a ótima estabilidade do material.
- ▶ **A estabilidade do coeficiente de atrito é melhor** que as pastilhas de freios de composição semimetálicas.
- ▶ **Segurança:** como o desempenho do material de atrito Cobreq Racing Extreme é superior, cada centímetro diminuído na hora da frenagem, reflete em segurança.
- ▶ **O desgaste do disco é reduzido** e isso, gera benefícios para o consumidor.

**NOVA
PINTURA**

**NOVA
FORMULAÇÃO**

Tudo, Menos Concessões

Quando se trata de tecnologia em freios, pode confiar na Cobreq. Nosso compromisso é sempre investir em soluções inovadoras e de alta qualidade, entregando a máxima segurança e conforto em frenagem.

A TMD Friction está há mais de 100 anos na vanguarda da tecnologia em frenagem e por esta razão somos os principais desenvolvedores para os fabricantes de automóveis no mundo.

O Futuro Freia Com Cobreq

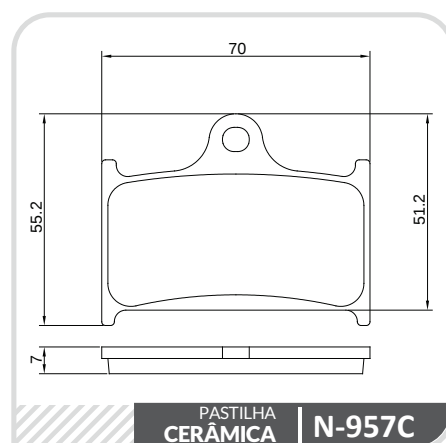

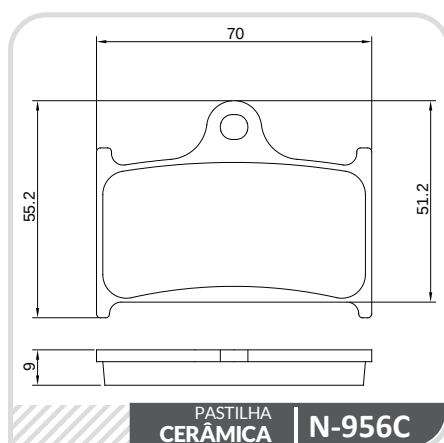

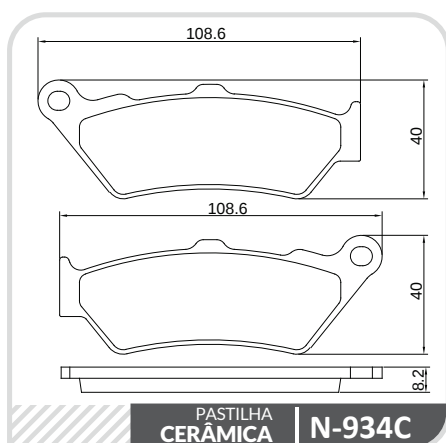

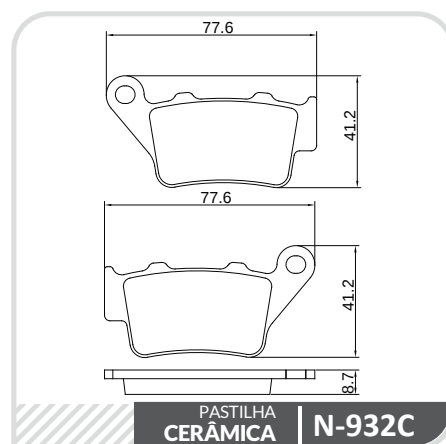

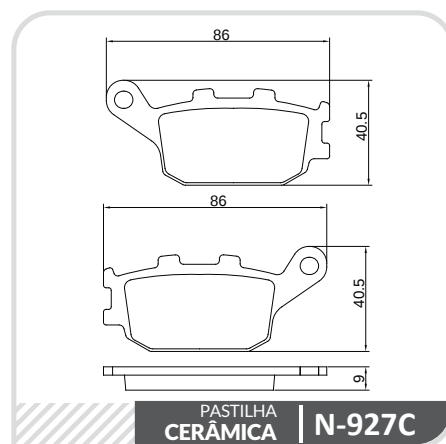

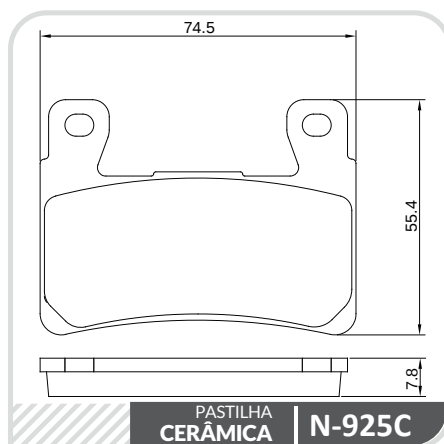

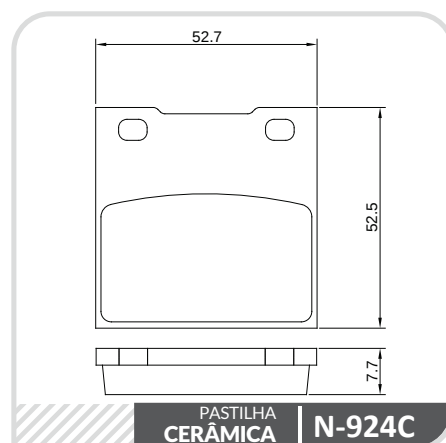

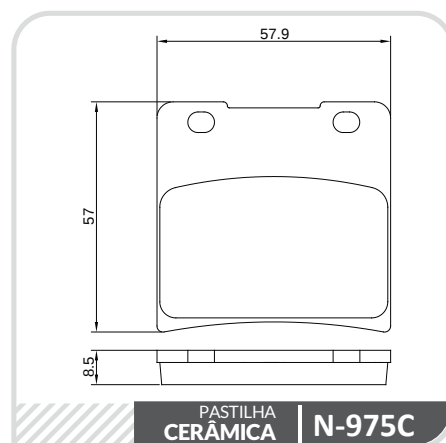

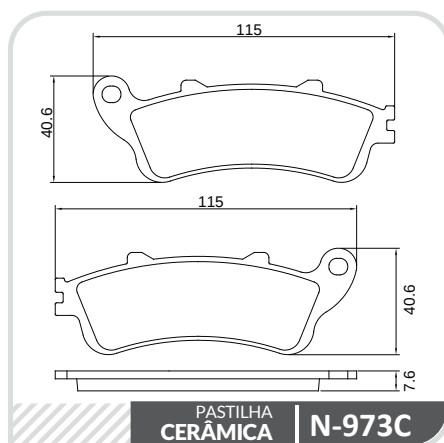

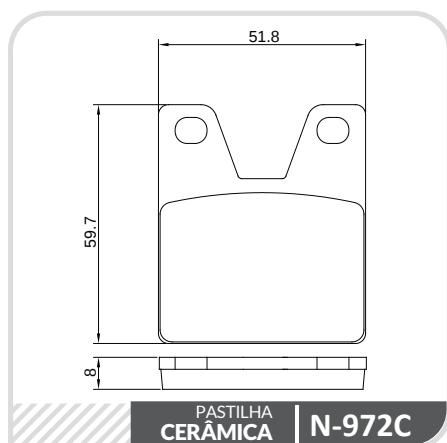

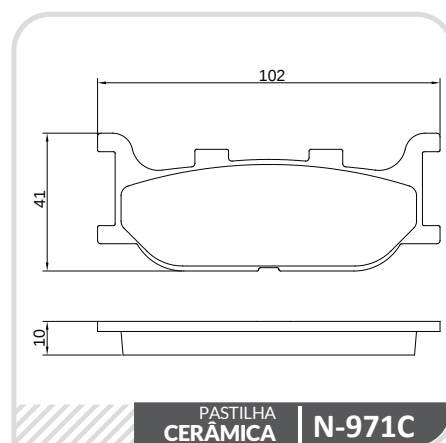

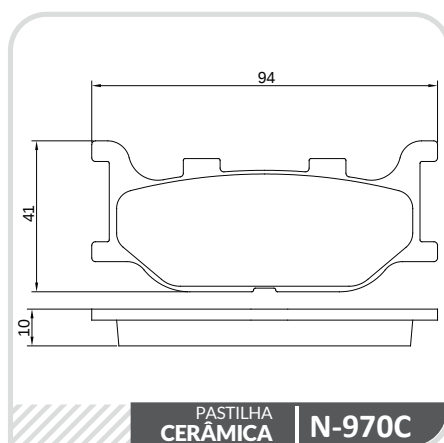

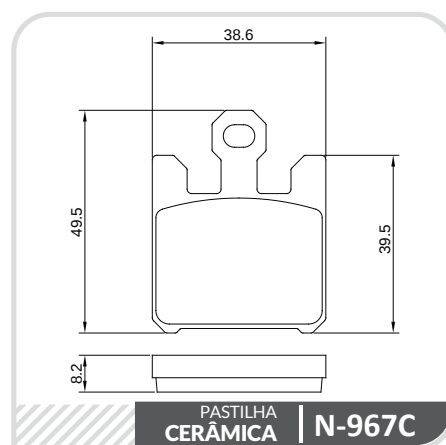

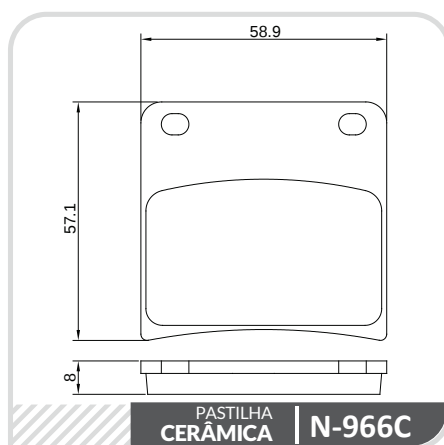

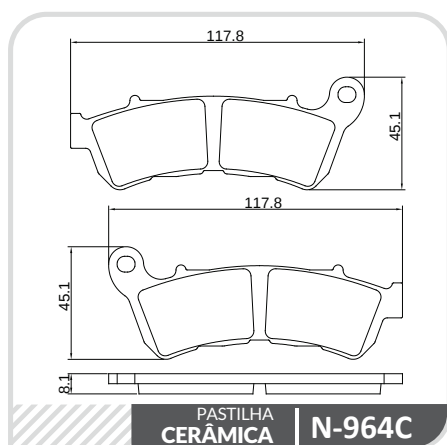

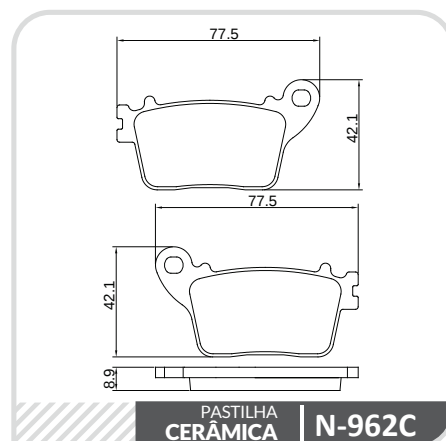

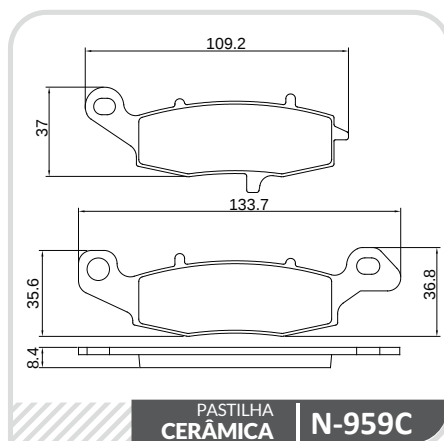

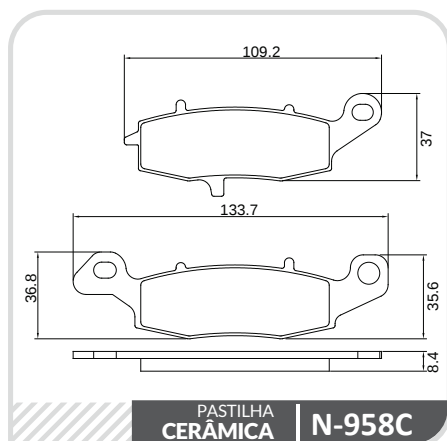

Enquanto os demais se dedicam em atender as necessidades atuais, a TMD Friction está sempre um passo à frente, desenvolvendo tecnologia em frenagem para o futuro. É por isso que os veículos orientados às novas tecnologias do amanhã já estão projetados com nossos produtos e, neste sincronismo com os principais fabricantes, as novas gerações de veículos já se encontram equipadas com produtos da TMD, líder em tecnologia de frenagem. Também demonstramos nossa capacidade de inovação em termos de sustentabilidade ambiental. Com o programa TMD Friction Light Technology, desenvolvemos

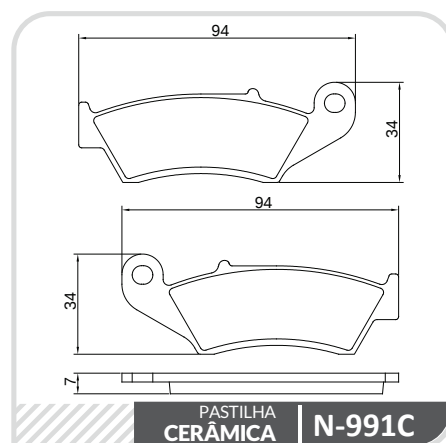

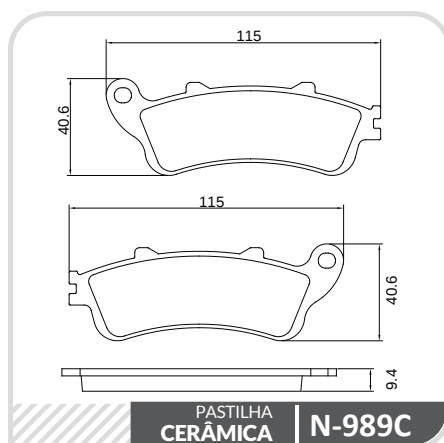

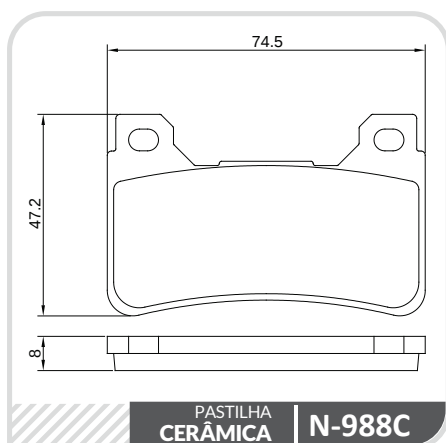

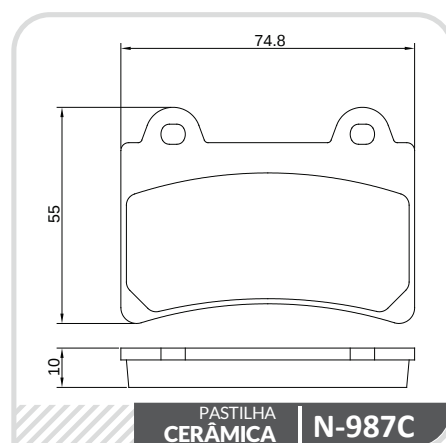

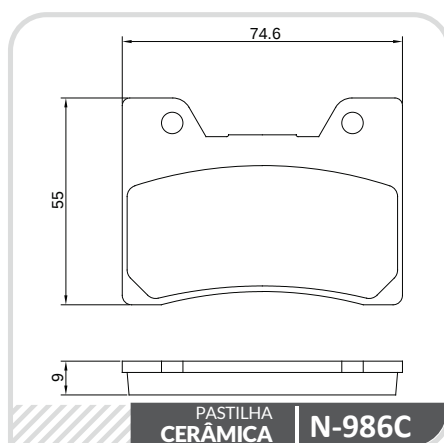

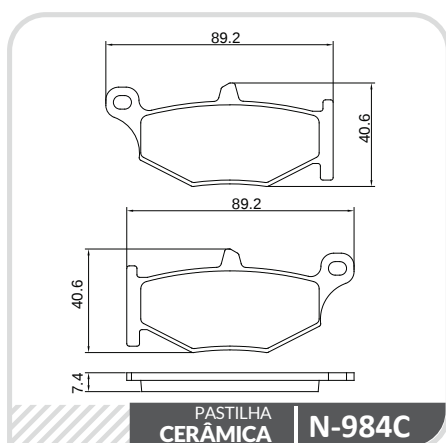

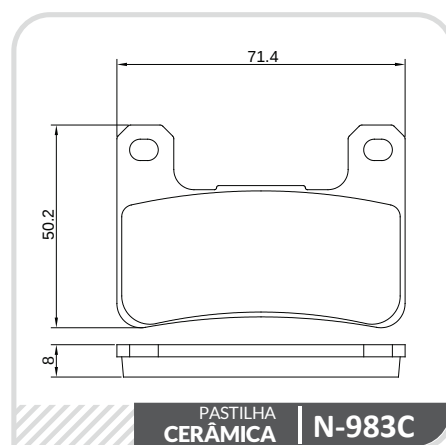

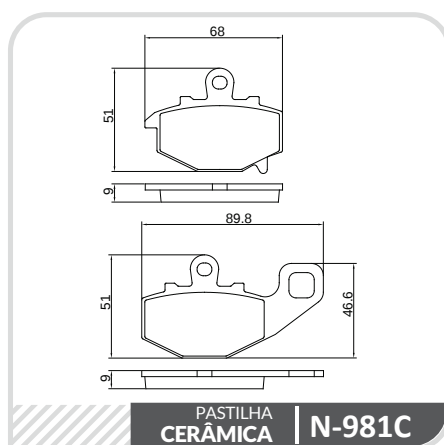

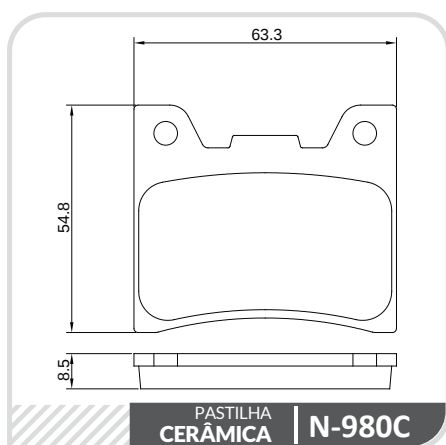

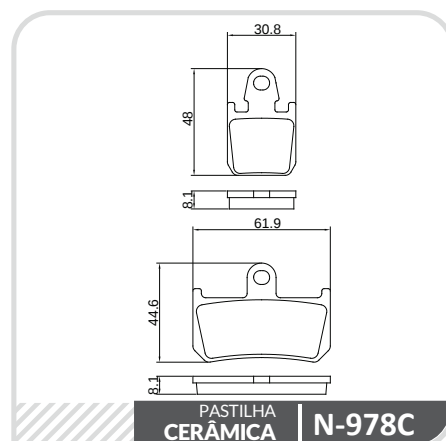

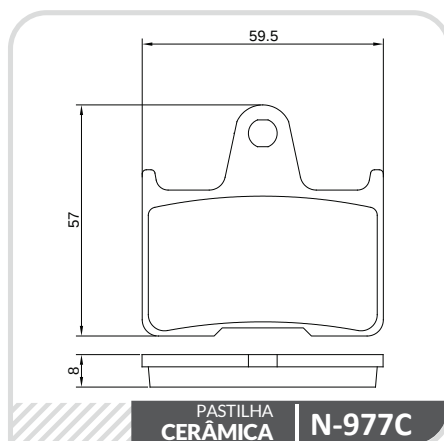

pastilhas de freio, sempre respeitando o meio ambiente.

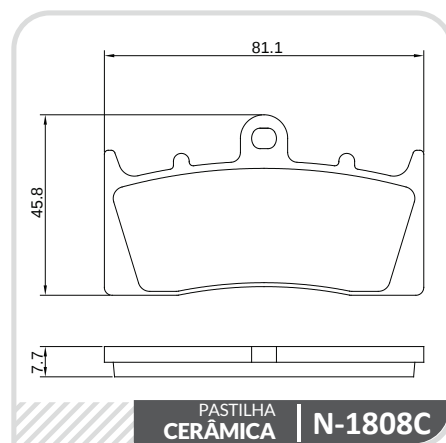

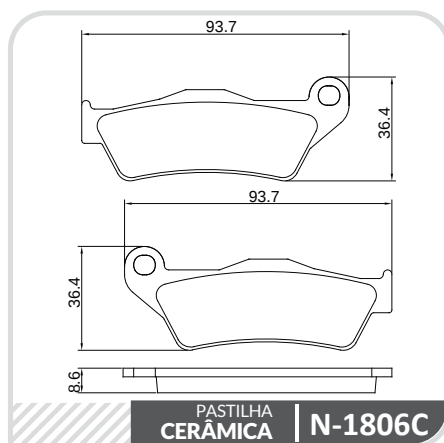

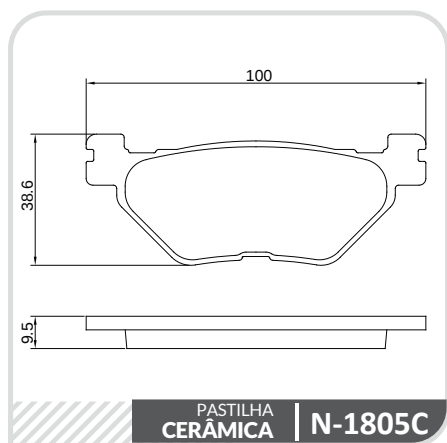

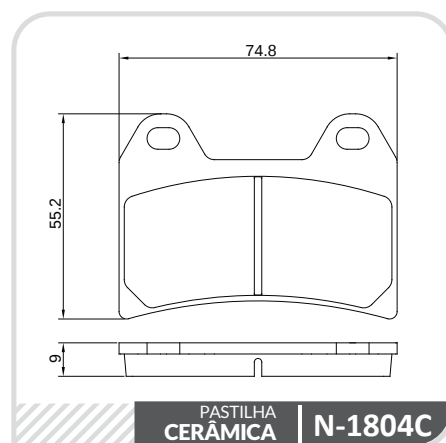

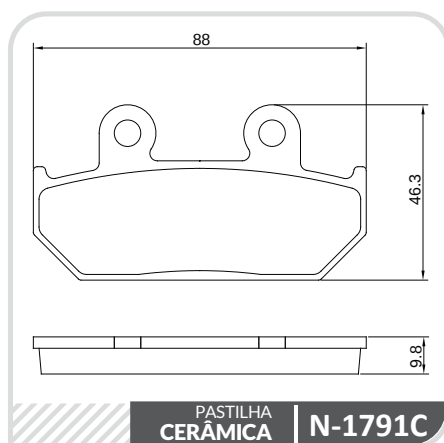

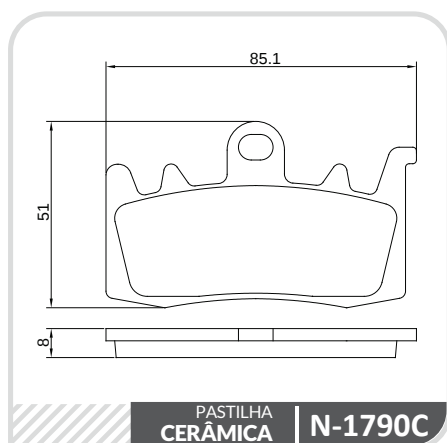

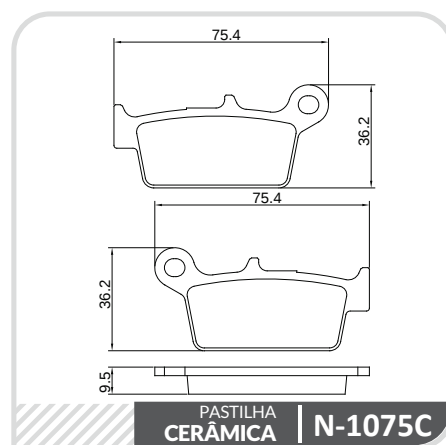

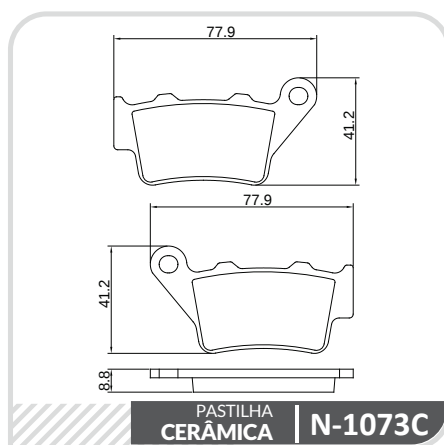

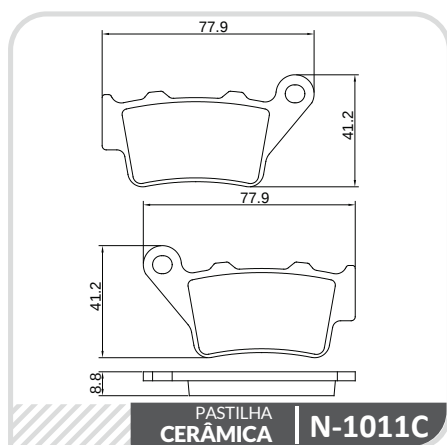

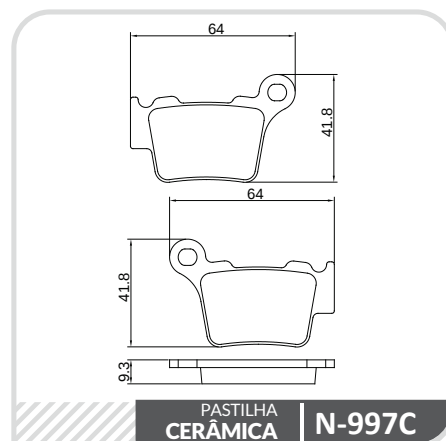

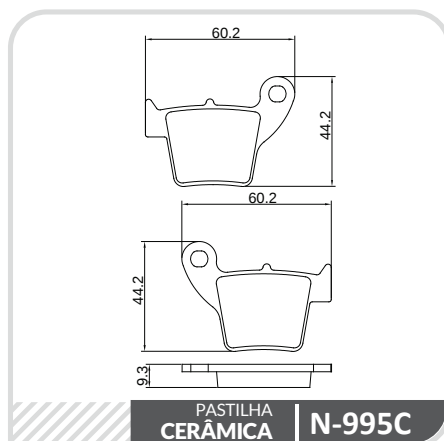

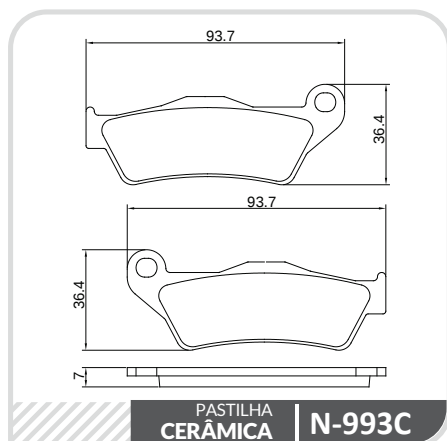

Assim, nos tornamos mais uma vez pioneiros de uma nova geração de produtos para o mercado de reposição. Sempre atenta às exigências do amanhã, a TMD Friction tem participado de maneira determinante no desenvolvimento da padronização da classificação ECO para materiais de fricção.

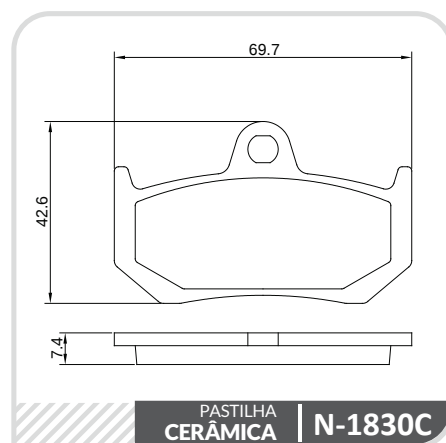

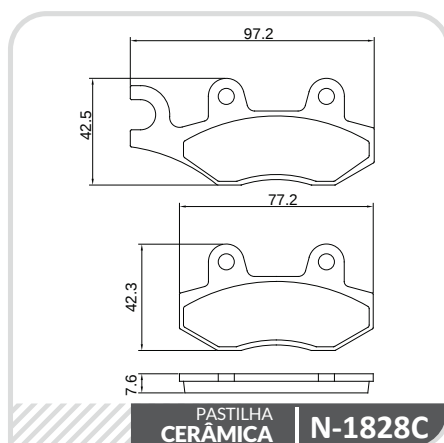

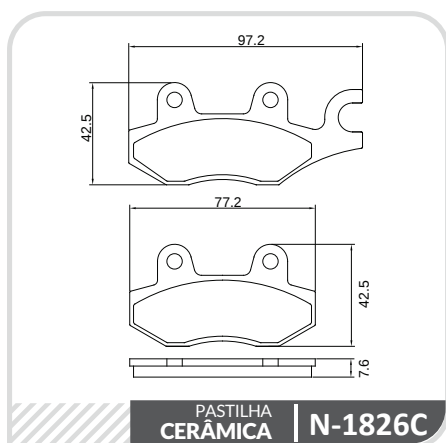

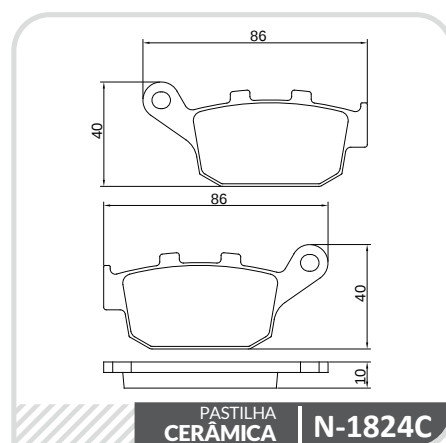

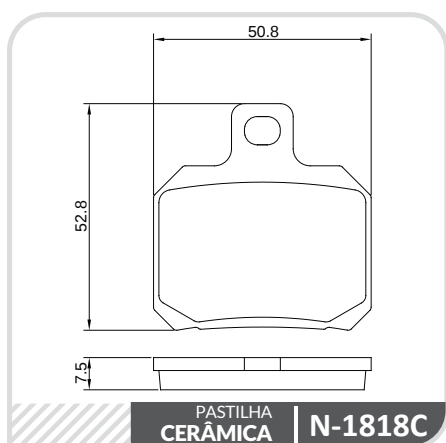

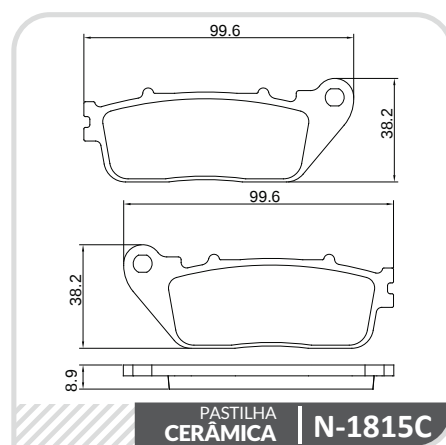

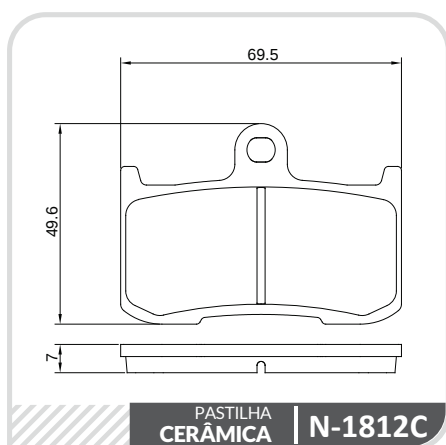

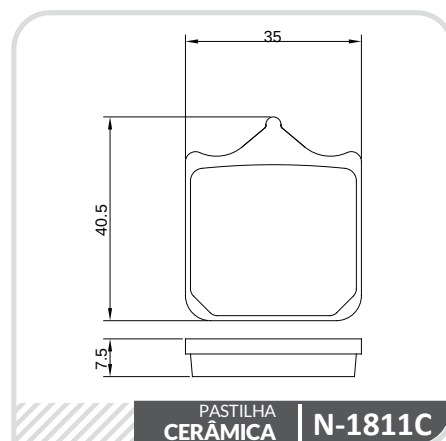

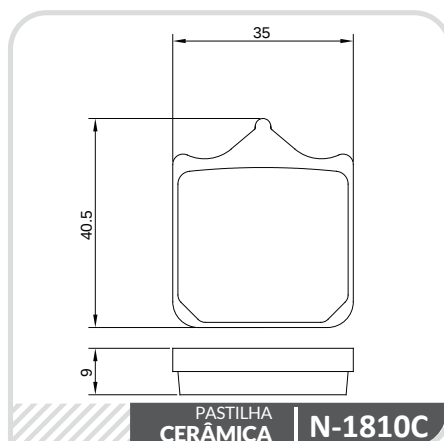

Enquanto os outros cumprem com os padrões, nós os desenvolvemos. Isto é estar sempre atento ao futuro.

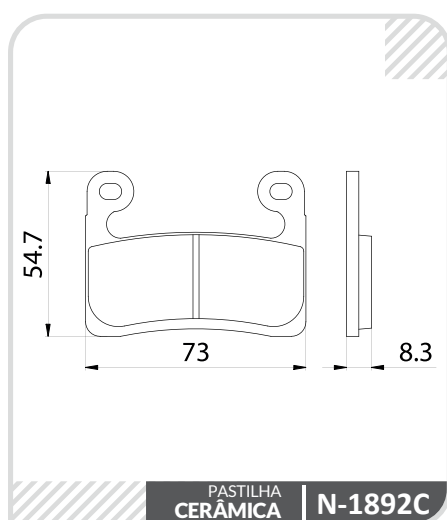

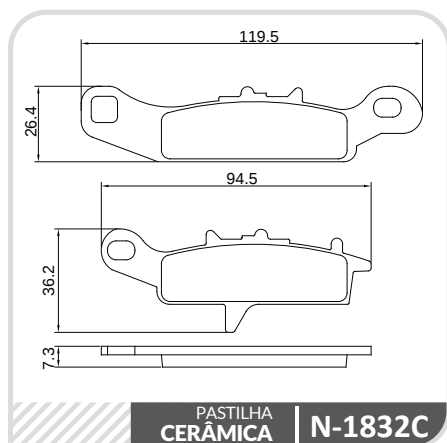

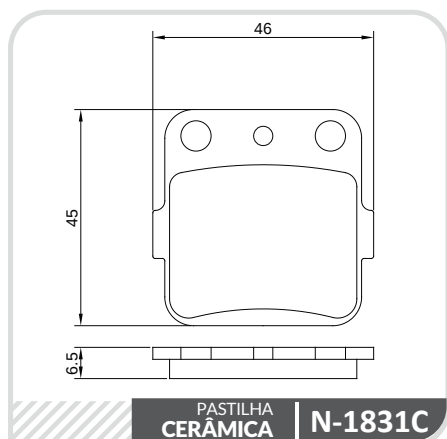

Desenhos Técnicos

Nosso Suporte online

Trabalhamos para oferecer o máximo de informações para atender as exigências dos nossos clientes.

Para isso você conta com diversos serviços, seja através de aplicativos, sistema de consulta pelo computador, download dos nossos catálogos ou através da nossa Central de Atendimento Técnico.
